2017-2018 Private/Home School Service Plan

After consulting with representatives of students with disabilities attending a private or home school within the boundaries of Murchison ISD adopts the following Private School Services Plan for the 2017-2018 school year. Services will be provided to private/home school students based upon eligibility for the service as determined by the Individual Services Plan (ISP) committee.

1. Speech services for eligible students not to exceed 60 minutes per week.
2. Occupational therapy/physical therapy services for eligible students not to exceed 60 minutes per week.
3. Speech and OT/PT services shall be provided at the public school site.
4. Special education support to private/home school teaching staff as specified in the student's Individual Services Plan. This support is limited to a consultation model and will address the student's educational needs, including appropriate accommodations and modifications to support the student's progress in the general curriculum. Consultation will take place by phone according to the schedule established in the student's Individual Services Plan (frequency and duration of consultation support). Consultative support shall not exceed 60 minutes per month.
5. For students with an auditory impairment, vision impairment, or autism, assistive technology devices and large-print textbooks will be provided if this is determined appropriate according to the student's Individual Services Plan.
6. The effectiveness of services provided will be determined based upon periodic reporting to the parent regarding the student's progress towards mastery of goals/objectives adopted by the ISP committee and annual review of the student's progress by the ISP committee.
7. Services provided under the Private School Plan shall be provided at a public school site. If special circumstances exist, other service location options may be considered.
8. The above services will be provided until the full amount of proportionate share funds (IDEA-B and IDEA-B Preschool) is expended. Once proportionate share funds are expended, services to all students served under this plan will terminate.

Adopted by the Murchison ISD Director of Special Education: July 20, 2017
